Specific Information :							

1. This report should not be produced partly or full without approval of signatory authority for legal purpose.
2. It is recommended that acceptable limit is to be implemented Values in excess of those mentioned under "acceptable" render the water not suitable for drinking still.skill may be tolerated in the absence of an alternative source but up to the limits an alternate source but up to limit indicated under the "permissible limit" in column 6 above which the source will have to be rejected.
3. The result refer only to the tested samples and parameters tested.
4. Samples will be stored for a period of 10 days from the date of issue of report.
5. This Laboratory does not hold any responsibility for variation in result for samples kept on hold for want of clarification.
